SUBJECT: Administration Representation during Floor Debate
on INF Treaty

Pursuant to my memo of March 10, U.S. INF Negotiator Ambassador Maynard Glitman and Deputy Negotiator Ambassador John Woodworth will serve as the Administration's principal representatives on substantive INF Treaty matters in dealing with Congress during the Senate Floor debate on the INF Treaty.

Ambassadors Glitman and Woodworth will be located in the Capitol Building, Room S-324. Due to limited space, access to Room S-324 needs to be limited to the minimum number of individuals needed to support the Administration's principal representatives. Accordingly, the substantive support staff should be limited to two persons per agency. A list of the designated individuals is attached. If agencies wish to propose any substitutes, they should inform Mr. Alan Ptah, State/W, 647-3436, who will be responsible for maintaining the access list.

In addition to the enclosed list of individuals who will need to be available to assist Ambassadors Glitman and Woodworth at any time during the Floor debate, agency principals down to the Deputy Assistant Secretary level will also have access to S-324. If they wish to visit S-324 at any time, they should call Mr. [REDACTED] in advance to arrange for admittance. (A number will also be provided to reach the Administration team in Room S-324.)
